ALLIA IS THE PROFESSIONAL'S ALLY

A complete line of smart, durable **1-piece & multi-piece acrylic showers and tub showers** for easy installation and a lifetime of clean living.

1 STATE-OF-THE-ART DESIGN

- Modern style featuring sleek lines, asymmetrical walls and minimalist apron
- Wide and deep bathing well
- Higher roof cap provides more open feel and natural light
- Ample storage space, integrated shower seat, and stylish grab bar

2 INSTALLS WITH EASE

- Abundant plumber-friendly features **save work, time and money**
- Industry-standard sizes make for easy fits
- Available as 1-piece or multi-piece (ideal for remodeling projects)
- Multiple configurations for optimal flexibility
- Above-the-Floor Rough (tub shower)
No need to relocate the existing drain

3 USER-FRIENDLY FOR ALL

- Multiple grab bar options to support and ease every move
- Fold down and removable transfer seat options for greater comfort and safety
- Textured anti-slip floors and low threshold shower bases
- Additional wall reinforcement allows for future grab bar/seat additions

- A** Save time and money on the job site with Professional's **wood reinforced base system**, providing strength and stability.
- B** **Flat front shower thresholds** save time and materials on tile application.
- C** **Front and full-length top flanges** hug studs for fewer gaps to fill.
- D** **Square back corner flanges** make drywall finishes simpler.
- E** **Threshold** meets walls at 90° angles for easy, flush door installation.
- F** **New & improved 90-degree angle**, front flange for perfect fit with drywall.
- G** **Above-the-Floor Rough** (tub showers only). Room underneath allows direct piping to floor drain without relocation. Perfect for concrete slab installations.
- H** **Large 3-level shelves** allow for a vast array of bath/shower products.
- I** **Unique angle inward seat** for bather's greater comfort and floor space.
- J** **With or without roof cap**, the unit fits standard stud positioning for straight-on insertion into alcove openings.

CHOOSE THE OPTIONS THAT SUIT YOUR PROJECT BEST

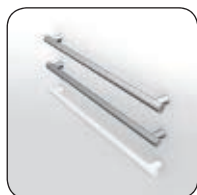

ROOF CAPS

The Allia units feature maximum interior height to give users more room and light. Installers benefit from a straight, easy fit into alcove openings. **Available on all units.**

NOTES

TAILORED TO NEW FAMILY NEEDS

MAAX[®]

Enjoy the experience

FOR A LIFE TIME OF CLEAN LIVING

Whether you have a young family or are on your own, our accessible and easily adaptable **GENERATION +** models let you prepare for **tomorrow's needs** today. Each model accommodates a wide range of abilities and sensibilities with intelligently designed features that evolve with your **living situation** without sacrificing style.

GENERATION + features balance your priority of **comfort** and **peace of mind** and allows graceful adaptation through the years, from new parents to active adult, cradle to cane, for universal **user-friendliness** and **security**.

WHAT IS GENERATION+

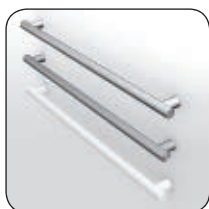

It starts with standards that appeal to a broad base of ages and abilities:

- Wide and comfortable bathing well
- Low threshold shower bases
- Textured anti-slip floors

Then choose the **GENERATION +** individual options or packages that suit your lifestyle:

- Grab bars in a variety of styles and finishes
- Fold down or removable transfer seats
- Reinforced walls to support current or future grab-bar and seat placement

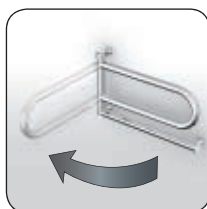

GRAB BARS

Straight grab bars

Ergonomic grab bars

Pivot grab bars

FOLD DOWN OR REMOVABLE TRANSFER SEATS

Removable seat
(Tub shower only)

Fold down seat

RAISING THE **GRAB BARS** STANDARD

Designed by usability specialists, the ALLIA grab bars prove style doesn't need to sacrifice function.

Each style features:

- A sleek, modern look and easy-to-clean smooth surfaces
- A choice of White, Chrome or Brushed Nickel finish
- Support up to **300 pounds** of weight
- Can be factory-installed or purchased separately for future installation

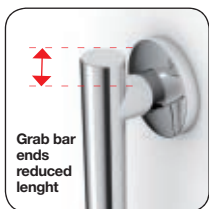

STRAIGHT GRAB BARS

Horizontal bar

Installs vertically on side walls or horizontally on back wall. Available in 18", 24", and 30" lengths.

Grab bar
ends
reduced
length

Bar with flange

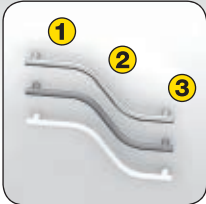

Straight and ergonomic grab bars can be purchased separately for future installation. Comes with flanges for front installation¹.

Grab bar ends are designed with reduced length to instinctively encourage safe center-grabbing of the bar.

¹ Proper reinforcement is required and available as an option.

ERGONOMIC GRAB BARS

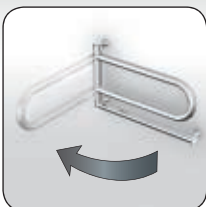

Intelligently engineered, these **three-leveled** grab bars ensure stability and support when showering, sitting and while transitioning between the two.

Available in 23" and 32" lengths.

- ① Upper section:** Located close to the control wall, it allows easy grasp while showering.
- ② Transition zone:** Hand slides easily and keeps you safe while changing position.
- ③ Lower section:** Armrest for increased stability while seated.

PIVOT GRAB BARS

Receive help every step in, out and in between. **Swinging 180°** and featuring several locking points along the way means you'll never be without the assistance you desire.

SEATS ABOVE THE REST

In addition to the integrated seat available on 48" & 60" showers, the Allia Series also offers **additional seat options** with unique features. The choice is yours.

Regardless, you always benefit from these features:

- Durable, high-quality material that won't yellow or deteriorate over time
- Cleans easily, doesn't retain bacteria
- Supports up to **300 pounds** of weight

FOLD DOWN SEAT (Showers only) ¹

Featuring the look of leather, this rugged yet comfortable 20" wide polyurethane seat neatly hangs flat against the wall until you need it. Blends cleanly, opened or closed, into the shower wall thanks to a white finish and clever fixture concealment available in White, Chrome and Brushed Nickel.

This seat allows for a **safe and easy transfer** while eliminating discomfort for pressure sensitive bathers.

¹ Available on 1-piece unit only

REMOVABLE TRANSFER SEAT (Tub Shower only)

You will be pleased by the versatility of our removable transfer seat. This 27" sturdy seat features anti-slide pads that **help facilitate a safe and stable transition** in and out of the tub. When not needed, simply remove it.

Get more storage space, thanks to its removable storage basket made of mildew-resistant, machine washable mesh. Ideal for children's toys or bath products. Can also be used as an additional shelf.
