Bringing Innovation for Peace of Mind

MAAX's latest innovations bring **quiet and peace of mind** to bathrooms with its versatile Kameleon line of **stylish, yet durable** semi-frameless doors for showers and tub showers.

Kameleon doors glide with a silky whisper as our superior design secures frame and panels to prevent rattling and reduce impact. The optional **Soft Close** feature eliminates accidental slams and pinched fingers forever. Multiple dimensions, frame finishes and style options make Kameleon true to its namesake by blending into nearly any bathroom environment.

SOFT CLOSE
for Peace of Mind

**See All
or Less**

Kameleon enhances your experience. Doors **slide effortlessly and silently** by reducing that annoying “glass shake” from panels hitting the header and frame – innovations that also cut down on product wear-and-tear. This results in quiet, lasting durability and less overall maintenance.

You'll love the **“No Bang”** effect with our optional **SOFT CLOSE**. This feature keeps ears and fingers safe by easing the door shut no matter how hard you slam it. This **graceful, gradual closing** – a great child-friendly feature for families – also helps minimize door-to-frame impact to extend product life.

Five tempered glass pattern choices let you decide how much you want to see through:

- | | | |
|--------------------|------------------------|----------------|
| 1 Clear | 2 Effervescence | 3 Linen |
| 4 Mistelite | 5 French Door* | |

- **Smooth yet durable roller wheels:**
Doors glide consistently with a whisper's ease.

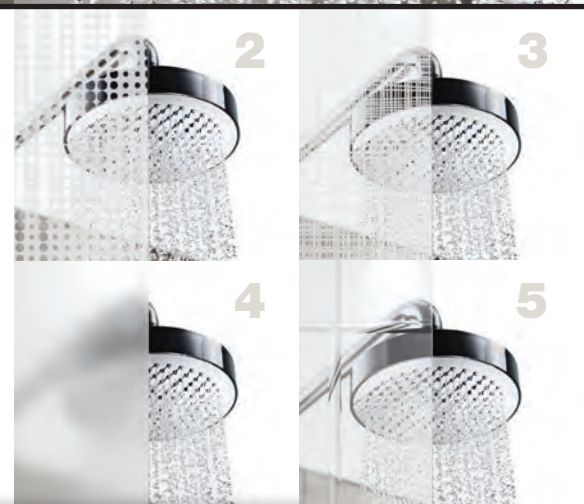

- **Header lock:**
Safely and firmly secures frame to door jamb.

- **Panel anti-jump:**
Special clips keep glass panels in place.

- **Silent guide:**
Padded divider stabilizes panels during door opening and closing, providing a rattle-free door.

SOFT CLOSE™
BY MAAX

- **Child-Friendly**
No more pinched fingers
- **Ear-Friendly**
Always a smooth, silent closing
- **Improved Durability**
More product reliability and longevity
